## a family owned and operated business

- Established in 1955, Hutchings Pianos is a family owned and operated business. With three generations of experience buying, selling and renting quality pianos you can feel confident in receiving the best product knowledge and service. Many customers are also third generation and have bought and sold back to Hutchings several times as their musical requirements changed. The friendly atmosphere will also bring you back time and time again.
- You will find a large range of new pianos as well as pre-loved pianos. We sell acoustic and digital pianos, grand pianos, baby grand pianos and uprights. Ask about our 'Pianos Wanted Database'. If we do not have the piano you are looking for, we can often source it for you. We are agents for some of the highest quality piano manufacturers in the world today, including Schimmel (Germany), Yamaha (Japan), Samick (Korea) – makers of the Alex Steinbach and Samick brands – and Pearl River (China), now manufacturing Beale pianos. Regardless of the country of manufacture, you can be assured of quality, the utmost customer care and a competitive quotation at Hutchings Pianos. Trade-ins are welcomed.
- The sales team at Hutchings Pianos all have musical backgrounds, several at performance level. As a result, the staff possess a special understanding of customer needs and first hand knowledge of the importance of a good instrument.
- With every purchase of a new piano at Hutchings, you will receive a five year full service warranty from Hutchings Pianos, (in addition to the manufacturer's warranty) and a complimentary tuning. We only use qualified and accredited piano tuners and technicians to service our pianos. This ensures your piano will not only look beautiful, but also sound magnificent in your home.
- In 2006 Hutchings Pianos opened a music school called Pringle Place Musik for Juniors. More than 30 classes a week are held for 150 families with young children, teaching with fun and love, the fundamentals of music.
- Hutchings Pianos is a member of Family Business Australia.
